

STEP 1

Go to www.tecnalab.com, Registration:

The screenshot shows the Tecna website interface. At the top, there are language options for Italian and Spanish. Below the Tecna logo is a search bar for email and password. The main content area is divided into several sections:

- Info:** Links to 'The company', 'The Technologies', 'The product and the service', 'Quality system', and 'Contacts'.
- News:** Lists 'Events', 'Mycotoxins', 'GMO', 'Veterinary drug residues', 'Dioxins', 'Allergens', and 'Press releases'.
- Topics:** Lists 'Histamine', 'Mycotoxins', 'Veterinary drug residues', and 'Dioxins'.
- Photogallery:** A section for images.
- Products:** A section for product information.

Three news articles are visible:

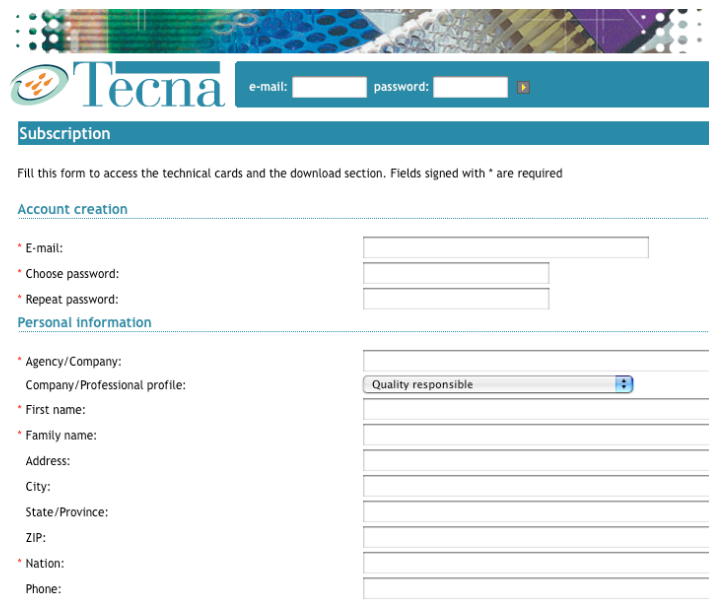

- December 20, 2010: Celer DON: Italian research has developed a new product with high performances.** This article discusses the development of a new kit for detecting DON (deoxynivalenol) in grains, highlighting its high reliability and the company's response to market demands.
- January 12, 2011: Customer satisfaction survey 2010.** This article reports on a survey conducted to assess customer satisfaction with Tecna's services, products, and delivery times, noting a generally positive result.
- July 01, 2010: Maximum limits also for ochratoxin in spices and liquorice.** This article announces new regulatory limits for ochratoxin A in spices and liquorice, effective from July 1st, 2010, within the European Union.

At the bottom right, there is a yellow 'Registration' button with the text 'Register to access to the complete catalogue and to the download section.' and a 'REGISTRATION' button below it. A red arrow points to this registration area. Below the registration button is the logo for 'AREA SciencePark'.
